The political party for people, animals and the environment

 Printed on recycled paper. Please recycle after 1st May.

“As a teacher in the ward, I feel passionately about the environment we are creating for future generations. I myself gained my university education at Magdalen College, and have had close connections with Parks Ward for many years of my life. I am an academic in the field of animal welfare and believe that a local councillor can and should hold people, animals and the environment in equal importance. I firmly believe that politics should be characterised by compassion and honesty, be science-led and focused on social justice for people, animals and the environment that we share.”

Gavin Ridley

AWP Candidate, Oxford Parks Ward

My priorities include:

-  **Prioritising the climate and biodiversity crises in all council decision-making**
-  **Working collaboratively with other council members to urgently achieve Net Zero for Oxford**
-  **Opposing speciesism in all its forms**
-  **Improving air quality by working to end the idling of vehicles and other traffic related issues**
-  **Collaborating with our student population to create a sustainable future for the ward**
-  **Advocating for plant-based food and drink options to be served in public settings, including council-catered events - and for the Plant Based Treaty to be endorsed**
-  **Ensuring our green spaces are protected in all decision making**
-  **Pushing back on littering by working to increase the number of bins and recycling facilities**

Let's Create a Happy, Healthy & Sustainable Future for All
Vote Gavin Ridley on 1st May
