"I'm an actor and entertainer and keen amateur sportsman. I've long cared passionately about creating a fairer world, not only for people but for animals and nature too. I've campaigned for greater animal protections since I was a child and, later on, on local community issues. If elected as a councillor, I would be determined to be the strong voice needed for people, animals and the environment."

Mike Kelson

AWP Candidate, Lavender Fields ward

My priorities include:

- ✓ Protecting and promoting local biodiversity and wildlife and opposing inappropriate development
- ✓ Providing additional waste bins and tackling anti social behaviour such as fly tipping & dog waste dumping
- ✓ Championing the area's beautiful rivers & water courses and protecting against pollution
- ✓ Advocating for plant-based food and drink options to be served in public settings, including schools & council-catered events - and for the Plant Based Treaty to be endorsed
- ✓ Ensuring adequate lighting of foot and cycle paths to increase community safety and confidence
- ✓ Promoting inclusivity and community cohesion
- ✓ Encouraging ethical and environmentally friendly businesses to the area
- ✓ Promoting greater awareness of the local food surplus distribution scheme to further eliminate waste
- ✓ Opposing speciesism in all forms, discouraging the use of words such as 'pests' and 'vermin' and cruel practices such as glue-trapping
